Riding motorbike, gaming, and partying with friends.

03. How long have you been working at GEKA?

Since September 2017.

04. What are your main activities?

Until 2021, I was a material supporter, now I am an adjuster (3 shift) in top assembly offline. Last year, I successfully completed a retraining course to become a machine and plant operator.

05. What do you like most about your job?

My job is extremely varied, and every day I learn new methods and skills.

06. Which activities allow you to find your flow?

Reconstruction or conversion of an assembly line with subsequent optimisation.

07. Name three reasons that speak in favour of GEKA as an employer:

- Relaxed and pleasant interaction between staff in all areas.
- If you want to further your professional education, nothing stands in your way.
- A lot of emphasis is placed on the safety of workers in manufacturing..

08. Describe GEKA in three key points:

Innovative. Quality-conscious. International.

09. What is the favourite dish in our canteen?

A „Schnitzel“ Sandwich.

10. Who comes to your mind when you hear the word „successful“?

In my eyes, anyone who pursues personal goals and also achieves them in the best possible way.

11. Where else would you like to travel?

By motorbike to Norway to the North Cape.

12. What are you grateful for?

That I have a secure job, despite the Coronavirus and the crises taking hold around the world.

13. Your guiding principle or quote that accompanies you in everything you do?

Think first, then talk.
