## New site

**GEKA** | The global manufacturer of brushes, applicators and complete packaging systems for the cosmetics industry is strengthening the company's market presence in the Asian market with a production plant of its own in Shanghai. Benefiting from synergies with its parent company **Sulzer, Geka** is starting its own production facilities for the beauty segment in the Shanghai plant, which has existed since 1991. The modular BBS system, already well established in Germany and the USA, is now also in demand in the Chinese market. The first lip gloss production started up on contract with a local cosmetic manufacturer in July.

## Acquisition

**IFF | IFF** and its affiliate **IFF-Lucas Meyer Cosmetics**, have completed the acquisition of **Speximo AB**, a Swedish technology company focused on developing stabilisation and encapsulation products based on quinoa for use in the development of sustainable personal care products with potential in multiple commercial application areas.
